Advantages and Disadvantages of Using the Internet 2

Exercise 59.1

Read the following passage and answer.

I think the Internet is the greatest invention ever. Think how it has changed the world.

So much information is out there. It has totally changed my life. I can chat with friends,

download music, buy books and get all the info I need for my homework. It took days or

weeks to do any of these things before the Internet. I spend hours every day online. I think

I spend a little too long. I'm sure staring at a computer screen all day isn't good for my eyes.

I think it's also making me fat. I need to exercise a little more. The only thing I don't like

about the Internet is that it can be dangerous. I don't really like putting my personal

information online, especially on social networking sites like Facebook.

My mind is like my web browser. 19 tabs are open, 3 are frozen and I have no idea where the music is coming from.
