The weather in England it is windy in autumn. It is a beautiful season because all the leaves change color to a golden yellow, orangey-red and lots of golden brown. It isn't usually cold in October and November, but it is windy and wet some days.

Winter, on the other hand, is usually freezing. The temperature falls below zero. It may snow once or twice and there are stormy winds

Spring is the best season because it is warm again after the long, cold, wet, and foggy winter days. All the trees are full of new green leaves, and you can see lovely spring flowers like daffodils everywhere. The weather in spring is not always nice in April.
