Hornbill

A hornbill is a bird that lives in the forests of Asia and Africa. It has bright, colorful feathers, like a rainbow! Hornbills eat fruits and bugs with their long beaks. They build nests in trees and love to fly high in the sky. They're like nature's happy painters!

Seahorse

A seahorse is a funny fish that lives near seagrasses and colorful coral reefs in the sea. It eats tiny shrimp and small pieces of floating food with its curly tail. Seahorses can be pink, yellow, or brown, like a magical underwater rainbow. They like to swim slowly and dance in the ocean.
