How do We Use the Internet?

Teacher

**Good morning, class!
How are you doing
today?**

**Good morning, sir!
I'm healthy as always.
How about you?**

Student 1

Teacher

Never better, thank you.

Sir, I see
brightly
are very nice. My wife
your online teaching,
right?

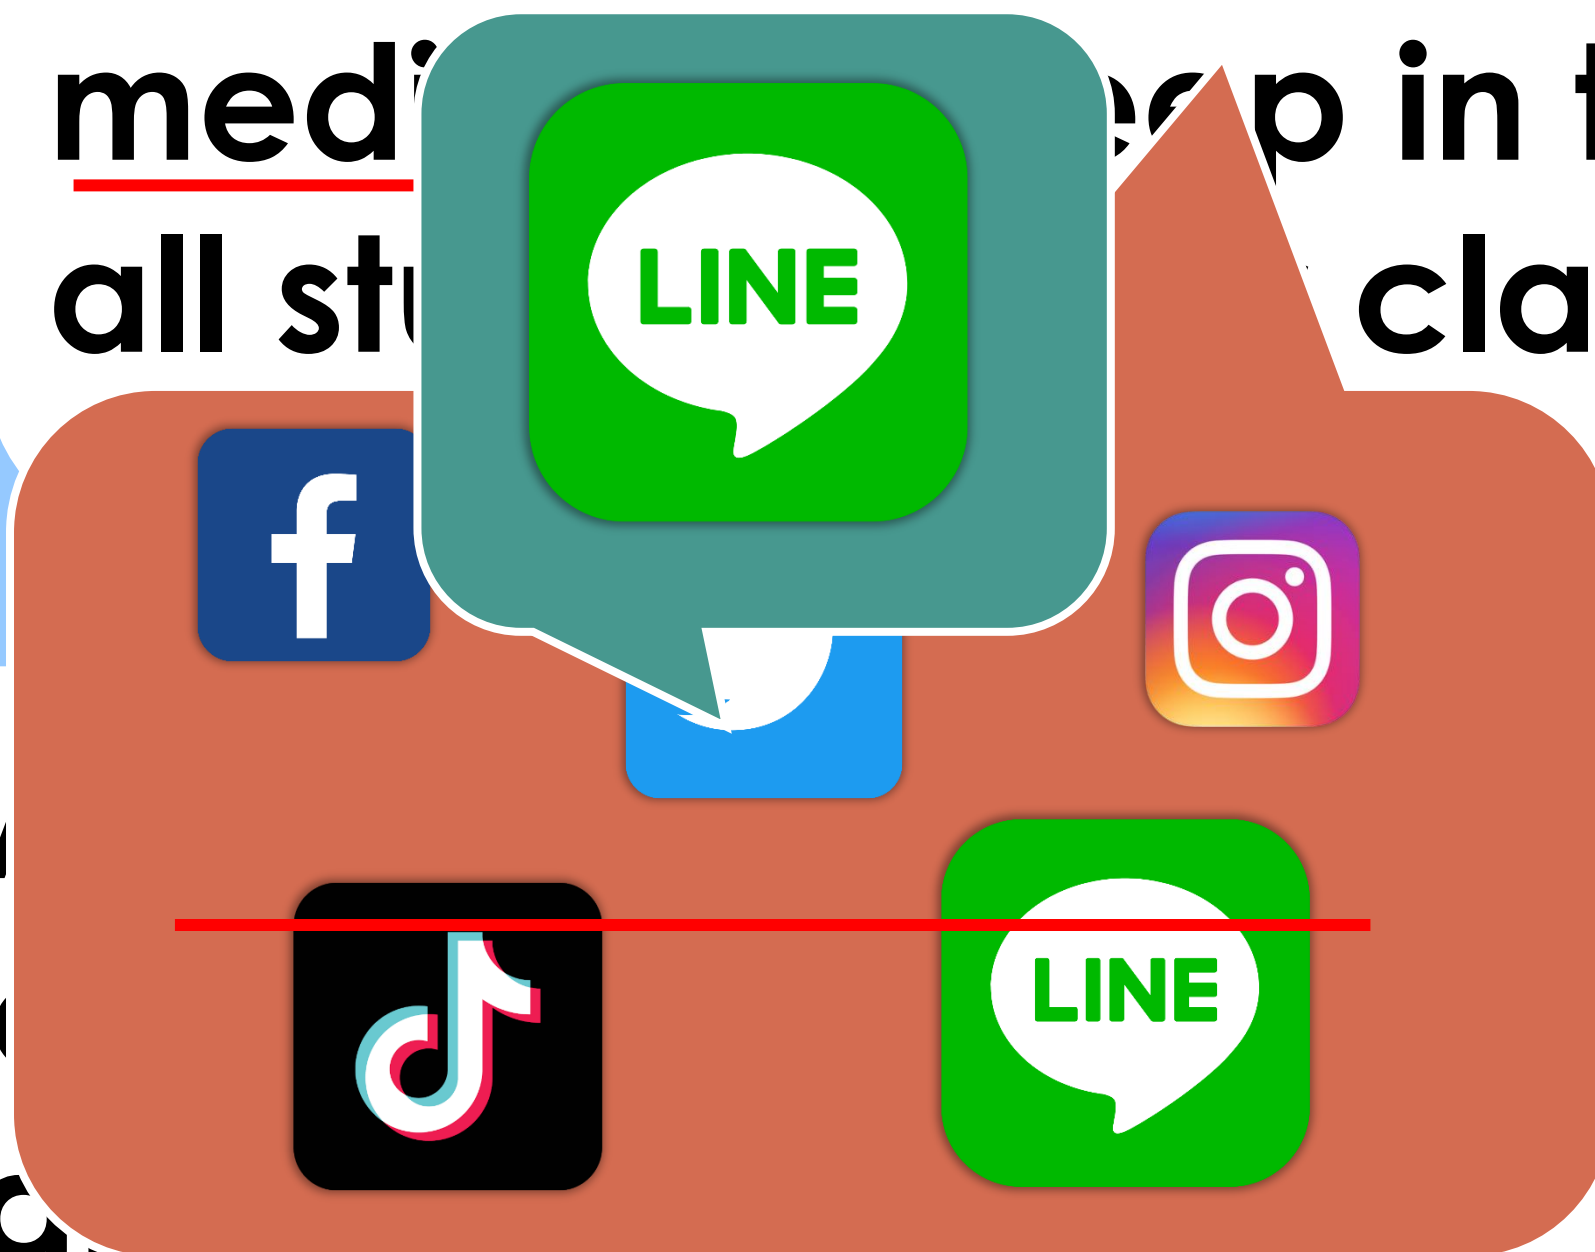

Student 2

Teacher

Of course! This is because I
can use many types of social
media to keep in touch with
all students after class.

I remember we
used an
application to
communicate
after class, right?

Student 1

Student 2

I like Instagram because I can post art from photography class. Posting around 7-8 pm gives me more reactions and comments.

And I think X can help improve my writing skills.

Student 1

Exactly. We get global opinions, and the 'top trend' menu shows local news.

Student 2

Teacher

We use TokTok clips to practice our speaking.

Sure!

Student 1 & 2

Teacher

**So do you think it is
a good idea to use the
Internet in our class?**

Yes!

Student 1 & 2

Teacher

Okay, I'll try. What about our usual Facebook and Line groups?

It's effective for sharing knowledge because we can post homework and react to classmates' work.

Student 2

Teacher

**Excellent!
We will use those then.**

You're welcome.

Student 1 & 2
