Situation: A mother talks to her daughter about using Instagram. She warns her to be careful about online safety.

Conversation: Being Safe on Instagram

Mom: What are you doing, my dear?

Lucy: I just took a photo of myself. I'm going to post it on Instagram.

Mom: That's nice. Can I see your photo? It looks great.

Lucy: Sure, Mom. I also used some filters to make it more attractive.

Mom: You look wonderful here. Oh! You have many followers on Instagram. Do you know all of them?

Lucy: No, Mom. They just follow me. I like it when many people comment on my photos.

Mom: Oh, dear. That is not a good idea. There are many online criminals and hackers today. They may write bad comments or misuse your photos. You need to be careful.

Lucy: Really? I never thought about that. I must be more careful.

Mom: Yes. You should set a strong password and allow only people you know to follow you. That will help keep you safe.

Lucy: Thanks, Mom. I will do it now and be more careful.

Mom: That's great, dear.
