Weather Vocabulary

clear and sunny

A stylized illustration of a thunderstorm. The background is a dark blue gradient. In the center, there are three blue, fluffy clouds. Yellow lightning bolts are striking the clouds, and blue raindrops are falling from them. On the left and right sides, there are white, jagged lightning bolts. At the bottom, there is a white, rounded rectangular box with a dashed border. Inside the box, the word "thunderstorm" is written in a bold, black, sans-serif font.

The background is a collage of four weather-related images arranged in diagonal panels. From left to right: a dark stormy sky with bright white lightning bolts; a sunset or sunrise over a body of water with a vibrant orange and yellow sky; a bright blue sky with scattered white clouds; and a close-up of a blue wave with white foam crashing. The text 'Weather Charades Challenge' is centered over these panels in a large, bold, yellow font with a thick black outline.

The weather in England is windy in autumn. It is a beautiful season because the leaves change color to golden yellow, orangey-red, and golden brown. It isn't usually cold in October and November, but some days are windy and wet.

Winter, on the other hand, is usually freezing. The temperature falls below zero. It may snow once or twice, and there are stormy winds.

Spring is the best season because it is warm again after the long, cold, wet, and foggy winter days. All the trees are full of new green leaves, and you can see lovely spring flowers like daffodils everywhere. However, the weather in April is not always nice.

The best season is summer, with blue skies and lots of sunshine. It tends to get very hot in July and August, when people use fans at night and go to the beach more often.

Instructions: Read the following passage and then complete the task below.

1. Is October very cold in England?

2. What is the weather like in winter?

3. What happens to the leaves in autumn?

4. What flowers can you see in spring?

5. What do people often do in summer?
