Name.....**No**.....**Class**.....

If I were a boy, my life would be very different. I would wake up early every morning and help my parents before going to school. I would probably play football with my friends after class and spend my free time fixing my bike or helping my father in the garden. I wouldn't spend so much time taking selfies or chatting online. Instead, I would enjoy outdoor activities and learn new things every day.

If I were a boy, I would try to be a good son and a good friend. I would study hard because I want to make my family proud of me. I would respect my teachers and help my classmates whenever they need support. I think boys should be kind, responsible, and polite, not rude or careless. I would show others that being a boy is not about being strong on the outside, but being kind and brave inside.

Sometimes I imagine what life would be like if I were a boy. Maybe people would expect me to be tougher or less emotional. But if I were a boy, I would still try to understand others' feelings and treat everyone equally. I believe that no matter who we are — boy or girl — we can all be good people and do great things if we have love and respect in our hearts.
