Easter Day

Easter is thought to be the most important Christian religious festival. It is a Christian holiday that celebrates the belief in the resurrection of Jesus Christ. Christians celebrate Easter Sunday with a church service, music; candle light, flowers and the singing of church bell.

At Easter time, cards and gifts may be given, Traditional food associated with Easter is: lamb, Easter biscuits, simnel cake, custard tarts, hot cross buns and chocolate. It is customary to give children chocolate eggs at Easter. The egg is a symbol of new life. The Easter Bunny is also a symbol of Easter. Nowadays many parents hide the Easter basket for their kids to find.

Although Easter maintains great religious significance, many children in countries such as Australia, Canada, the United States and the United Kingdom, think of it as a time to get new spring clothes, to decorate eggs to participate in Easter egg hunt.
